Mauricio Koechlin

mkoechlin@uchicago.edu | (+1) 941 334 1985 | Chicago, IL, USA | ORCID

EDUCATION

Universidad del Pacífico, Lima, Peru
B.Sc., Economics, 2018–2022. Licenciatura (Professional Title) in Economics, 2026.

- Top 11% of the Economics class in the final year.
- **Thesis for Professional Title:** Koechlin, M. & Arroyo, B. *"Glass Ceilings and Invisible Walls: The Role of Labor Segregation in the Gender Wage Gap in Peru."* Advisor: María Pía Basurto, Ph.D.
- **Relevant coursework.** *Mathematics for Economists I–IV:* linear algebra, matrix theory, multivariate calculus, topology in $\mathbb{R}^n$, ordinary differential equations, difference equations, static and dynamic optimization, optimal control, dynamic programming. *Statistics I–II & Applied Statistics:* probability theory, statistical inference, maximum likelihood estimation, multivariate regression. *Econometrics I–II:* causal inference, quasi-experimental methods, instrumental variables, time series, panel data, limited dependent variables.

Lima College of Economists, Lima, Peru
Postgraduate Diploma, Applied Statistics for Research (540 academic hours), 2024.

University of Chicago, Chicago, IL, USA
Graduate Student-at-Large (GSAL), Graham School.
Real Analysis, Department of Mathematics, Spring 2026.

PUBLICATIONS

1. Beltrán, A., Cruz Saco, M. A., Leiva, F., & Koechlin, M. (2026). **"Trapped by Tradition: Gender and Occupational Segregation in Peru."** *Social Politics*, 33(3), 884–913.

WORKING PAPERS

1. Beltrán, A., Cruz Saco, M. A., Koechlin, M., & Nuñez Rosell, S. **"Never Off Duty: Grandmothers' Co-residence and Mothers' Labor Participation."** Revise and resubmit, *Social Politics*.
2. Koechlin, M. (2026). **"How Traditional Are We? Gender Roles, Household Tasks, and Women's Labor Force Participation in Peru."** (Single-authored.)
3. Beltrán, A., & Koechlin, M. (2026). **"Higher Returns, Lower Wages: The Paradox of Women's Education in the Peruvian Labor Market."** Under review, *Latin American Research Review*.
4. Kalil, A., & Koechlin, M. (2026). **"Does Scarcity Tax Parents' Minds?"** Becker Friedman Institute for Economics Working Paper No. 2026-46. Revise and resubmit, *Journal of Behavioral and Experimental Economics*.
5. Kalil, A., Koechlin, M., McCoy, D. C., Michelini, M., & Sabol, T. J. (2026). **"A Novel Assessment of Epistemic Curiosity and Its Association with Early Learning Outcomes."** Becker Friedman Institute for Economics Working Paper No. 2026-112. Under review, *Child Development*.
6. Kalil, A., & Koechlin, M. (2026). **"Income Shocks and the Intergenerational Transmission of Executive Function."** Becker Friedman Institute for Economics Working Paper No. 2026-30.

WORK IN PROGRESS

1. Gallegos, S., Kalil, A., Koechlin, M., & Sethi, R. **"Parental Decision-Making and Preschool Absenteeism: Evidence from a Field Experiment Across U.S. States."** Manuscript in preparation.
2. Basurto, M. P., Beltrán, A., & Koechlin, M. **"Balancing Time and Success: Gender, Employability, and Time Constraints Among University Graduates."** Manuscript in preparation.
3. Beltrán, A., Lavado, P., Koechlin, M., & Nuñez Rosell, S. **"Out of Time: The Other Face of Poverty in Peru, a Decade Later."**
4. Basurto, M. P., Beltrán, A., & Koechlin, M. **"Multitasking and Gender Gaps in the Labor Market: Evidence on Employment, Earnings, and Productivity."** 2024 Peruvian Time Use Survey (ENUT).

CONFERENCE PRESENTATIONS

– **Presenter**, *Advances with Field Experiments (AFE) Conference.* Hosted by the **Becker Friedman Institute for Economics, University of Chicago**, Chicago, IL, September 2026. Paper: "Parental Decision-Making and Preschool Absenteeism" (with A. Kalil, S. Gallegos, & R. Sethi).

– **Invited Presenter**, *From Research to Action Convening.* Hosted by **Attendance Works** and **Overdeck Family Foundation**, New York, NY, July 2026.

– **Presenter**, *Peruvian Economic Association Annual Congress 2026*, Lima, Peru, July 2026. Paper: "How Traditional Are We? Gender Roles, Household Tasks, and Women's Labor Force Participation in Peru."

– **Invited Presenter**, *Early Childhood Research Alliance of Chicago (EC*REACH) Annual Research Conference.* Hosted by Northwestern University, Chicago, IL, June 2026. Paper: "Parental Decision-Making and Preschool Absenteeism: Evidence from a Field Experiment Across U.S. States" (with A. Kalil, S. Gallegos, & R. Sethi).

RESEARCH EXPERIENCE

Behavioral Insights and Parenting Lab
The University of Chicago | Harris School of Public Policy, Chicago, IL, USA.
Pre-doctoral Research Professional
July 2025 - Present
Predoctoral Research in Economics Program (PREP)
Supervisor: Ariel Kalil, Ph.D.
Responsibilities:
- Lead end-to-end data work for multiple field experiments: sample design input, data cleaning and auditing, econometric analysis, and visualization for large-scale RCTs and survey-based studies.
- Serve as primary liaison between the research and implementation teams, translating analytical requirements into operational protocols and ensuring research integrity.
- Draft and revise sections of working papers and manuscripts.
- Prepare proposals and reports related to parental engagement, early childhood development, and the application of behavioral science to public policy.

Group for the Analysis of Development (GRADE), Lima, Peru.
Quantitative Analyst
January 2024 - July 2024
Supervisors: Wilson Hernández, Ph.D. student (University of Pennsylvania) & Angelo Cozzubo, Ph.D. student (University of Maryland).
Responsibilities:
- Led all quantitative estimations for the study, winner of the XXVIII CIES Annual Research competition.
- Built and cleaned large administrative datasets; estimated econometric models on the short- and long-term effects of states of emergency on citizen security, intimate partner violence, and social welfare.

Output: Hernández, W., Cozzubo, A., & Román, A. (2024). *"At expense of what? The effect of states of emergency on crime and well-being."* CIES. *Role:* Lead Quantitative Analyst.

Research Centre of Universidad del Pacífico, Lima, Peru.
Research Professional
January 2022 - May 2024
Supervisor: Arlette Beltrán, Ph.D., Vice President for Academic Affairs.
Responsibilities:
- Led literature reviews, econometric analyses, and manuscript drafting for research projects on gender economics, public policy, and inequality.
- Managed large datasets, ensuring data accuracy through cleaning, processing, and transformation.
- Coordinated with co-authors across institutions on collaborative research, preparing figures, tables, and policy briefs for academic and public audiences.

Research Project with Joan J. Martínez, Ph.D.
Project Assistant
April 2023 - October 2023
Supervisor: Joan J. Martínez, Ph.D., UC Berkeley.
Responsibilities:
- Provided econometric and data analysis support on grant-funded research projects on labor markets and gender

economics in Peru.
- Cleaned and analyzed administrative and survey datasets; produced descriptive statistics, regression outputs, and visualizations for project deliverables.
- Coordinated with the principal investigator on data management, methodology, and reporting.

Project: Technical consistency assessment of the Support and Guidance Platform (PAO) for higher-education scholarship beneficiaries (**Ministry of Education of Peru – MINEDU/PRONABEC**, 2023).

CONSULTING EXPERIENCE

APOYO Consultoría, Lima, Peru.
Consultant – Economic Consulting
May 2024 - June 2025

Built and analyzed the quantitative evidence base for client engagements in regulation, competition policy, and financial valuation: assembled administrative and market datasets, estimated demand and pricing models, and benchmarked results against the academic and regulatory literature. Translated findings into reports and presentations delivered directly to public- and private-sector clients.

Selected projects:

- Diagnostic of sustainability and financial inclusion initiatives, identifying strategic priorities and recommending actions to strengthen institutional impact (**Banco de Crédito del Perú – BCP**, 2025).
- Financial and economic feasibility analysis for the renewal of public-private concessions in Peru, with strategic recommendations for concession management (**Confidential Client**, 2025).
- Economic feasibility and antitrust analysis for a cross-border acquisition in Ecuador, including market assessment and engagement with the national competition authority (**Confidential Client**, 2025).
- Analysis of regulatory tariff structures and impact assessment of proposed pricing changes on port services (**Salaverry Terminal Internacional**, 2024).
- Analysis of regulatory tariff structures and impact assessment of proposed pricing changes on airport services (**Lima Airport Partners**, 2024).
- Estimation of demand for agro-financing through Digital Harvest Receipts and Digital Warehouse Receipts in Peru (**International Finance Corporation – IFC**, 2024).

Independent Research and Consulting Projects.
Research and Consulting Assistant
June 2022 - December 2023

Supervisors: Jorge Zavala, M.P.P. (now Ph.D. candidate, Humboldt-Universität), & William Fernandez, M.P.P. (now Ph.D. candidate, Hertie School).

Designed and executed the quantitative components of impact evaluations and replication studies: cleaned and merged administrative and survey datasets, estimated treatment effects, and assessed reproducibility.

Selected projects:

- Quantitative impact evaluation of the Sustainable Agriculture and Rural Development Project in Paraguay (**Global Saemaul Undong**, 2023).
- Theory of change, monitoring framework, baseline analysis, and impact evaluation design for a sexual education program in Colombian schools (**Tirando x Colombia**, 2023).
- Impact evaluation of the ADN Dignidad Multi-Purpose Cash Transfer Program for Venezuelan migrants in Colombia (**International Initiative for Impact Evaluation – 3ie**, 2022).
- Push Button Replication (PBR) analysis of nine impact evaluations to assess reproducibility and methodological robustness (**3ie**, 2022).
- Impact evaluation of the SPOON Program for the prevention of child malnutrition and obesity in Guatemala (**Inter-American Development Bank – IDB**, 2022).

Outputs:

- *"Considerations and Proposals for the Expansion of Pension Coverage Among Self-Employed Workers in Peru."* Economic Commission for Latin America and the Caribbean (ECLAC), 2023. *Role:* Research Assistant.
- *"Public Opinion on Migration in Latin America and the Caribbean."* Inter-American Development Bank (IDB), 2022. *Role:* Research Assistant.

TEACHING EXPERIENCE

Universidad del Pacífico, Lima, Peru.
Teaching Assistant
February 2021 - July 2025
Designed and led weekly sessions, graded assignments, exams, and problem sets.
– **Introduction to Microeconomics:** consumer and producer theory, supply and demand, market structures, externalities, public goods.
– **Introduction to Macroeconomics:** aggregates, monetary and fiscal policy, inflation, and unemployment.
– **Statistics I:** probability, sampling distributions, estimation, hypothesis testing, and linear regression.
– **Mathematics for Economists:** optimization, optimal control, and dynamic programming.
– **Econometrics II:** time series, panel data, and limited dependent variables.

TRAINING AND CERTIFICATIONS

J-PAL North America, MIT. Research Staff Training. 2026.

Hertie School - Data Science Lab. Data Science Summer School. 2025.

World Bank Group - Institute for Economic Development
- Geographic Considerations in Evaluating Women's Employment Opportunities. 2025.
- Reproducible Research Fundamentals. 2025.
- Introduction to Behavioral Science in Public Policy. 2025.

World Bank Group – DIME (The Development Impact Group)
Manage Successful Field Research. 2024.

PROGRAMMING LANGUAGES

Eviews, LaTeX, R Studio, Stata.

PERSONAL INFORMATION

Nationality: Peru.
Native Language: Spanish.
Other Languages: Fluent English (CAE: 194- C1, Nov 2021; IELTS: 7.5 - C1, Jan 2026).
